

What customers are saying about Kentucky Career Center services:

“ I feel very fortunate; so many people have gone out of their way to make sure I succeeded. I have had wonderful support from the very beginning! Thank you! ” **Kim**

“ Kentucky Career Center services made it possible for me to stay in the nursing program. I wanted a better life for myself and my daughter, and struggled just to be able to afford to drive to classes. Without this assistance, I wouldn't have been able to pay for any of the out-of-pocket expenses that were required. I am so grateful for the opportunity that I was given. Thank you! ” **Marlena**

Success Story

When James finished his military career, he fell on hard times and was eventually incarcerated. Upon his release, he arrived in Boyd County with little hope and less direction. James came to the Kentucky Career Center in search for work. Through the Kentucky Career Center's partnership with multiple agencies, James received intensive job readiness services to help him get back on his feet. One such partnership was a local job fair. The first hour of the job fair was reserved for Veterans. The services James had received through the numerous Kentucky Career Center partners enabled him to attend the job fair and secure employment on that same day.
