

Kentucky Housing Corporation Community Resource Guide

The Community Resource Guide is a list of agencies across the Commonwealth of Kentucky as a resource for possible assistance and not a guarantee that assistance will be provided. Individuals must contact the agency directly to receive information and/or program qualifications.

Please note, KHC does not fund all of the entities listed throughout this guide and it is not guaranteed the listed agency will have available funds.

The list is in alphabetical order by Kentucky County.

Megan VonHandorf, Campbell Connection Coordinator

Email: megan.vonhandorf@campbell.kyschools.us

Campbell Connection is a federally funded program through the McKinney-Vento Homeless Education Act. This program is for families or unaccompanied youth who are living doubled-up with family or friends, staying in a shelter, motel, hotel, car or trailer park. Services may be provided to any child or student who is staying someplace other than a fixed, regular, adequate nighttime residence. Campbell Connection services students aged preschool to 21, and who are attending Covington Schools. Undocumented youth have the same rights to a public education as U.S. citizens. The Campbell Connection Coordinator can assist with enrolling students experiencing homelessness immediately, even if the student is unable to provide documents that are typically required for enrollment. This program ensures academic stability by allowing the student to

remain in the school he/she attended prior to becoming homeless. The Coordinator will assist the family with transportation, school supplies, tutoring and opportunities for summer programs. In addition, Campbell Connection will link the family to community agencies to ensure that students' needs are successfully met.

Lori Eifert, Project Home Coordinator

Email: Lori.Eifert@covington.kyschools.us.

Project Home is a federally funded program through the McKinney-Vento Homeless Education Act. This program is for families or unaccompanied youth who are living doubled-up with family or friends, staying in a shelter, motel, hotel, car or trailer park. Services may be provided to any child or student who is staying someplace other than a fixed, regular, adequate nighttime residence. Project Home services students aged preschool to 21, and who are attending Covington Schools. Undocumented youth have the same rights to a public education as U.S. citizens. The Project Home Coordinator can assist with enrolling students experiencing homelessness immediately, even if the student is unable to provide documents that are typically required for enrollment. This program ensures academic stability by allowing the student to remain in the school he/she attended prior to becoming homeless. The Coordinator will assist the family with transportation, school supplies, tutoring and opportunities for summer programs. In addition, Project Home will link the family to community agencies to ensure that students' needs are successfully met.
