

Veterans Priority of Service

If you have served in the military and were discharged under conditions other than dishonorable, you are considered a “covered person” and may be eligible for “Priority of Service.” Additionally, some spouses of covered persons may also be eligible for Priority of Service.

Priority of Service

Priority of Service means, with respect to any qualified job training program, that a covered person shall be given priority over a non-covered person for the receipt of employment services provided under that program, notwithstanding any other provision of the law.

Priority of Service means the right of eligible covered persons to take precedence over eligible non-covered persons in obtaining DOL-funded services (20 CFR 1010.200(b)). Depending on the type of service or resource being provided, taking precedence may mean:

1. The covered person receives access to the service or resource earlier in time than the non-covered person; or
2. If the service or resource is limited, the covered person receives access to the service or resource instead of or before the non-covered person.

If you feel that you are entitled to priority of service, please inquire about priority of service with an available staff member
